Anteater Express is growing!
Each year brings more students and new housing developments. This means that routes and stops can change according to demand, construction, traffic, and funding. While we do our best to keep the maps and schedules up to date, last minute changes can happen.

For the most recent schedules and routes visit: www.shuttle.uci.edu

RIDERS’ GUIDE: For riders that are new to Anteater Express, here are a few tips to maximize your experience with our service:

- While waiting for the bus, stand on the sidewalk a few feet back from the street – never stand in the street or sit on the curb.
- If boarding with a bicycle, use the folding rack on the front of the bus. Follow the instructions on the rack and make sure the bicycle is secure with the wheel hook before boarding. Alert the driver if you need assistance.
- The seats nearest the driver are designated for persons with disabilities and seniors. If you choose to sit in these seats, please be prepared to move if needed.
- For your safety, always remain seated. If no seats are available, please hold onto a handrail or hand-strap when the bus is in motion.
- You’ll get the next estimated arrival time for that stop on the time the text message was sent.

HOW TO FIND ANTEATER EXPRESS: Do you want to know how to get to class? Anteater Express has maps and schedules on our website for every route, as well as SMS stop predictions for each bus stop, and mobile apps. When using our digital resources, you can plan the most efficient route to your classes or any other locations you’d like to visit on our routes.

1) Online GPS
On the Anteater Express website select the ‘Routes’ page and select a desired route from the list. Go to the “Live Tracking” tab and active buses on the route will appear on the map.

2) TransLoc Rider
The TransLoc Rider app provides live vehicle tracking, bus arrival predictions, schedules, maps, and other resources. You can find it in the App Store or on Google Play.

3) SMS Stop Prediction
SMS Stop Prediction is an automated text messaging feature that approximates the arrival of the next bus. When at an Anteater Express bus stop, locate the SMS Stop # on the posted timetable. Text 41411 and type “ANTEX X” where X is the route number.

Anteater Express is a service provided by UCI University of California, Irvine.

For advertising on the buses, lost and found, disability services, comments and questions, please visit www.shuttle.uci.edu or call (949) 824-5547.
Anteater Express is the University of California, Irvine's transit system that provides transportation to various points of interest on and off the UCI campus.
